Decree of approval / ratification	Federal Decree No. (75) for the year 2014
Note: This Supplementary Protocol to the Cartagena Protocol aims to contribute to the conservation and sustainable use of biodiversity by providing international rules and procedures in the field of liability and redress relating to living modified organisms. In accordance with Article 27 of the Cartagena Protocol on Biosafety, the first meeting of the Conference of the Parties held in Kuala Lumpur in 2004 constituted an open-end working group to develop the rules on liability and redress in the context of the Cartagena Protocol. After a series of meetings, the team finalized the protocol and it was adopted in the Japanese city of Nagoya.
